

TRUTH TROOPERS' KOMBAT KIT

THE GAME IS AFOOT!! NOW IS THE TIME TO ACT!
LET'S GIVE THE IRS AND THE FEDERAL GOVERNMENT A
TRUTH ATTACK!!

There are a lot of things wrong with the income tax on our labor and each of us has his own reasons for knowing that the Constitution forbids the federal government from taxing labor. Many of those reasons are complex and difficult to explain and understand, but we do not need to give the public a legal education for them to know what we know: THE TAX IMPOSED BY THE IRS ON LABOR IS A FRAUD!

The leadership of all of the groups comprising the Tax Honesty Movement realize that if we continue to work separately the IRS will continue to pick us off, one by one, until we are no more and Truth will have no one to defend it. We are now united, ONE, and no matter what our additional knowledge of the issue may be, we are all agreed and know that

THERE IS NO LAW!!

making the average American liable for income taxes because

HIS WAGES ARE NOT INCOME!!

That is our message, one we can easily explain and verify and one the public can easily see and understand.

YOU! The Truth Troopers, are the **only way** the public is going to receive that message. The government refuses to respond to demands that it provide the law justifying its theft of trillions of dollars from hardworking American households and the media refuses to help.

We know that you are committed to the Constitution and the republic it promised, to a free country for your children and grandchildren and to the subservience of government to the people, but we all must follow through on that commitment right now and pledge our every effort and means to that end. Otherwise, all those that follow will have nothing and they will be entitled to look back at us and ask "Why?"

This is not going to be an easy, simple or quick task. We are up against the most

powerful and dangerous organization in the world and it will do everything in its power to stop us and snuff out the truth. But there are far too many of us for them to take on if we all move and ACT at the same time, and that is exactly what we will and must do. Individually they can take us one at a time and we are helpless, but with all of us acting together they are helpless.

WE ARE ALL, EACH AND EVERY ONE OF US, TOGETHER,
UNITED AND ON THE

TRUTH ATTACK!

This TRUTH TROOPER KOMBAT KIT contains everything you need to win this war on lies and theft. If we all, every one of us, take all the actions described in this Kombat Kit WE WILL SUCCEED because when the PEOPLE see the TRUTH, they will recognize it and once we get the truth to them no matter how hard the government tries, it
CANNOT UNRING THAT BELL!

ARE YOU READY? ARE YOU COMMITTED? ARE YOU PREPARED TO
STOP TALKING AND START DOING SOMETHING ABOUT IT? IF SO,
THEN

LET'S ROLL!!

FIRST, WHAT NOT TO DO:

Nothing is served by your permitting the IRS to attack you personally. Big government versus single citizen is the IRS's favorite position because it is basically a bully. It fears all of us but fears no one of us. So,

- If you are currently in "compliance", continue to "comply". Now is not the time to provide the IRS with more propaganda fodder. The Court is not a refuge for us because the judges are just as afraid of the IRS as everyone else, so if you are not already cross-threaded with the IRS, stay in the crowd and don't do anything that will allow them to single you out.
- When writing, emailing or speaking to anyone with the IRS or other government agency be careful to avoid threats, profanity or other language that could "justify" their designating you as a PDT, a "potentially dangerous taxpayer" (this is political and in politics "image" is 90%).
- During demonstrations, personal encounters with IRS or IRS paid "sympathizers" and while attending court proceedings, remember and observe all rules to the letter (Permit? Private property? Courtroom etiquette?) and, again, no threats or profanity.
- In communicating with the press or media do not permit your anger and frustration to lead you to outrageous or threatening statements. It is possible to express anger and frustration without appearing on the verge of violence. Image. Keep the white hat on while you put the black hat on them.
- Finally, DO NOT STRAY FROM THE MESSAGE: THERE IS NO LAW and MY WAGES ARE NOT INCOME (FOR NOTHING)!! No matter what other problems you know about the IRS and the tax laws, save those for later.

Now that we know what not to do, it's time to get to work:

Correspondence

Let's start by engaging in some friendly (and fun) correspondence with the enemy. Write demanding letters (examples in your KK, below) not demanding that they "show you the law" but telling them there is no law.

President George Bush

The White House
Washington, D.C. 20500

Henry Paulson
Secretary of the Treasury
1500 Pennsylvania Ave. N.W.
Washington, D.C. 20220

Mark W. Everson
Commissioner of the IRS
500 N. Capitol St. N.W.
Washington, D.C. 20221

Both of your Senators
and
Your Congressman
([Click here to get their addresses](#))

Your local IRS office (Go to [IRS.gov](https://www.irs.gov) and click Contact, then "Contact My Local Office")

Finally, send a copy to your local paper

Now, that's seven letters to the government and another to the paper, but we can do better. Write another set of letters for your spouse, for each of your children and for the family pet(s). Multiply that number by seven and remember there are tens of thousands of us doing the same thing. You're beginning to get the picture. You have just made a major political impact for the price of a handful of postage stamps.

(It's even more fun when you think about the fact that every Senator and Congressman will automatically forward all those letters to the IRS for response and they have to respond to Congressional inquiries within 24 hours. Wouldn't you love to be a fly on the wall?)

THEN GET YOUR CALENDAR and mark it for **every two weeks** from the day you sent out the letters. There is no way any government official or representative will respond in two weeks, so you send another barrage of **follow-up letters** from you and all your family, including the pets, (example in your KK, below) **every two weeks, demanding** an answer to your first letter.

IF AND WHEN YOU DO GET A RESPONSE, **it will not be sufficient** because they cannot admit that there is no law and they cannot show you a law making you liable, so you

and your entire household continue to follow-up **every two weeks** with the **insufficient response letters** (example in your KK, below).

E-Correspondence

But that's not all, we're going to do some emailing, now. Write an email saying the same thing as the initial demand letter and send it to:

The White House
president@whitehouse.gov

The Secretary of the Treasury
(Go to congress.org, click "federal agencies", select Department of the Treasury and click "Go", then select the envelop next to Paulson and fill out the email form)

Both of your Senators and your Congressman
([Click here to obtain emails](#))

Again, send a copy to your local and area newspaper(s).

You can send the same email to all of them at the same time, but make all of the addresses blind copies so they can't tell you have sent it to others.

THAT WAS FRUITFUL, SO LET'S MULTIPLY. Create at least four more screen names for your email with your ISP, they're free. Then send another set of emails from each of those screen names. This may take a few minutes, but the effect, multiplied by tens of thousands of others doing the same thing will be phenomenal.

NOW GO BACK TO YOUR CALENDAR and mark it for **every week** starting with the day you sent out the emails. There is no way any government official or representative can respond in one week, so you send another barrage of follow-up emails just like the follow-up letters **every week**, **demanding** an answer from the first.

IF AND WHEN YOU DO GET A RESPONSE, it will not be sufficient because they cannot admit that there is no law and they cannot show you one because there is no law, so you continue to follow-up **every week** with emails just like the insufficient response letters.

LOOK BACK AT WHAT YOU HAVE DONE! Add up the number of letters and emails you've sent out with virtually no effort or expense and multiply that by 150,000. That's what

you've just accomplished!

ARE WE HAVING FUN YET? WELL, WE'VE ONLY BEGUN TO FIGHT!

Now that you've thrown your first bucket of water on the bad guys, let's turn our attention to the good guys, everyone else. It's time to tell everyone the truth about the income tax.

REMEMBER TO STAY ON THE SINGLE MESSAGE AT ALL TIMES. THERE IS NO LAW! and MY WAGES ARE NOT INCOME (FOR NOTHING)! No need to embellish this message with other grounds and theories which will only cloud the issue.

Word of Mouth

Make a list of everyone you know, starting with family, in-laws, then friends, neighbors and coworkers. TALK to these people, but before you do, print up a set of letters for whoever you are going to break the truth to.

Understand that they are where you used to be, and just as you could not believe the truth when you first heard it they will be slow to accept it. **BE PATIENT BUT PERSISTENT.**

If they do see the truth, then present them with the letters to sign (and **mail them yourself to make sure they go out**), then either have them enlist as Truth Troopers on the website and download their KK from the site or you enlist them and provide them with their KK (on disk so they can use the templates). Follow up with your recruits to ensure that they are following up.

If they cannot accept the truth, offer to prove it to them and present them with the letters to sign so they can see for themselves that the officials and representatives will not be able to cite any law making them liable for the income tax (**again, mailing them yourself to make sure they go out**). Follow up with your truth prospect list to see what, if any, response they received. Cite absence of response or insufficient response as proof and bring them to the light. Once convinced, again, either have them enlist as Truth Troopers on the website and download their KK from the site or you enroll them and provide them with their KKs.

Stay on your list until every one of them is in the movement and follow up with them to make sure they are doing their part.

(NOTE: Many may not share your passion for the Constitution or Freedom, and you may

have to do some or most of their work for them. Be prepared to write their follow-up letters for them and to encourage and energize them.)

Letters to the Editor

Compose and send letters to the editor. Do not be discouraged if they are not published. The letters will raise the issue at the paper and enough letters from enough people will make the issue appear newsworthy. Major media WILL NOT TOUCH THIS ISSUE, so the locals are our best route to the public.

Remember, STAY ON MESSAGE. It is tempting to inject our own additional grounds for invalidity of the tax, but it only takes one arrow so long as we push it deep, hard and long enough. STAY ON MESSAGE: THERE IS NO LAW! and MY WAGES ARE NOT INCOME (FOR NOTHING)!

Your Attorney and Tax Preparer

These call for a little more finesse because they "know more than you do." Call your attorney and your tax preparer and any other tax expert, such as CPA's that you know. Tell them that you have heard that there is no law making you liable for the income tax and ask them to find it for you. If you don't hear back from them in a week, call again. You really want to know what the law is that makes you liable for the income tax. They will not be able to find it, learning the truth for and from themselves, the only ones they believe know what they are talking about. This is the best way to get the truth to folks who think they know more than others.

Once they realize, and admit, there is no law, recruit them as T-Troopers just as with your friends and family.

Assemble the Troops

Touch base with other tax honesty people you know in your community. Soon you will receive an update giving you the names and contact information for other T-Troopers in your state. Contact those in your area and arrange to meet to coordinate efforts and compare results.

Check the T-Trooper list for lawyer members and PR members so you can call upon them for assistance in planning and conducting FREE Seminars and demonstrations.

Also check the site for events in your area (Schedule of Events) and, in particular, any

IRS proceedings in your area (Hot Spots).

Terminology

He who defines the terms wins the debate.

REFERENCE	IRS TERM	USE, INSTEAD:
Tax Honesty Movement/Groups	Tax Protester Groups	Tax Honesty Patriots
Truth Attack	Tax Protester Group	Tax Honesty Patriots
IRS "Criminal" Targets	Tax Cheats Tax Frauds	Martyrs for Truth Patriots

Use these terms, not the IRS's terms, in your talking with people, FREE Seminars, flyers, ads and demonstrations.

FREE Seminars

Who: YOU (and, yes, you *CAN* do it), but even better, you and other T-Troopers in your community. If there is a lawyer T-Trooper in your area (Check your list), arrange for him or her to participate and answer the legal side of the issue and verify the message.

What: Called FREE because it is more about FREEDOM than money. FREE Seminars are one of your best tools for getting the truth out AND for recruiting new T-Troopers.

When: Pick a date far enough off that you can get your FS in the paper's schedule of events. If finances permit it, an ad in the paper will increase attendance. Check your T-Trooper list for a PR T-Trooper in your area, who can assist you in publicizing your FS. **Don't forget to notify TruthAttack.org of the date and place so we can post it on the Schedule of Events!**

Where: There are a lot of options, many at no expense. Local malls usually have a community room that is available. So do area hotels and motels, although a small charge may be required. Area schools, businesses and churches can also be an option for a meeting place. If no other place is available, someone's home can serve.

Preparation:

- 1) The Communications Committee will later provide us with a slide show or video for FREE Seminars, but until then, obtain a copy of the DVD of *America: Freedom To Fascism* by Aaron Russo [[Click Here](#)].
- 2) Publicize your FS in local newspaper and TV events listings, which are usually free, and, if funds are available place ads in the paper or area classified ads circular (Thrifty Nickel, etc.) and list the FS on the TA.org Schedule of Events.
- 3) Prepare a simple flyer (see example below) for distribution to attendees stating the message clearly and simply. **STAY ON MESSAGE and KEEP IT SIMPLE.**
- 4) Prepare a sign-in sheet calling for name, address, phone number and email so you can follow-up on those who need a second truth injection.
- 5) Prepare sets of letters to government targets as above.

- 6) Prepare forms providing the information needed for you to enroll them as Truth Troopers.
- 7) Prepare KKs (on disks) to distribute to the new recruits.
- 8) Depending upon finances and how fancy you want to make it, put out some refreshments (some will be angered by the news, so alcohol is not recommended).
- 9) Make sure there will be a TV large enough for all to see the movie and a DVD player on hand (**make a test run** to avoid fumbling around while the group waits and watches you look inept).
- 10) Make sure other T-Troopers in your area (or even nearby towns) know when and where the FS will be held and encourage them to attend. (*NOTE: If you can, attend someone else's FS and be vocal in your "acceptance" and support of the message, AND your anger, which will prompt others in the audience to follow your lead. OK, so you're a shill, a plant. This is politics, not law.*)

How: This is going to be a lot easier than you think. Once the group is assembled, and starting ON TIME, which is a way of showing your group you respect their time, simply follow these steps:

1. Welcome those in attendance and praise them for having a civic interest in their government and Constitution, then get right to the program (remember, respect their time).
2. Go straight to the movie and play Part I on the tax issue. (It isn't that the Fed issue is unimportant. It is important, but it isn't the issue you are dealing with here) **STAY ON MESSAGE.**
3. Now, you're up, keep it short and sweet and, mostly SIMPLE! Ask the group by show of hands if they believe the government is hiding something from us. Ask them how many want to know the secret. Then tell them (STAY ON MESSAGE) that the secret is that

✌️👉 **THERE IS NO LAW** making the average working American liable for the income tax.

✌️👉 The reason there is no law is that the Constitution does not allow the government to tax labor. That **YOUR WAGES ARE NOT ALL PROFIT** and that **YOUR RIGHT TO EARN A LIVING IS A FUNDAMENTAL, CONSTITUTIONALLY**

PROTECTED RIGHT THE GOVERNMENT CANNOT TAX, just as it cannot tax your free speech or going to church.

☞☞☞ The IRS, not Congress or the law (and the IRS cannot make law), says that your wages are 100% PROFIT. The IRS says your personal earnings are paid to you in exchange for NOTHING, that YOUR LABOR is WORTHLESS.

☞☞☞ Taxpayers who don't work for their money are not taxed on the part of their receipts that they invested in order to receive their gross receipts, but those who work for their money are not allowed ANY credit for what they invest to receive those earnings. THAT IS NOT ONLY WRONG, IT IS UNCONSTITUTIONAL AND THAT IS WHY THERE IS NO LAW!

STOP!!

DON'T DO IT!!

RESIST THE TEMPTATION TO STRAY FROM THE MESSAGE AND REINFORCE IT WITH OTHER GROUNDS AND THEORIES. THOSE GROUNDS ARE OVER THEIR HEADS FOR NOW. YOU HAVE ALREADY GIVEN THEM A BIG JOLT TO PROCESS AND ACCEPT AND THAT IS ENOUGH.

IF YOU START ON OTHER ISSUES THEY WILL TUNE YOU OUT AND YOU WILL LOSE THEM!!

STAY—ON—MESSAGE!!

☞☞☞ Eliminate the Belief Resistors. DO NOT WAIT for them to bring up resistance to belief, because then you will be on the defensive and you can't advance on defense. YOU bring them up yourself and dispel them:

Admit that you didn't believe it at first, either, and then hit the resistors:

RESISTOR	ANTIDOTE
It's been done this way for almost 100 years	Not really, not until after WWII, when people were asked to <u>voluntarily</u> pay income tax to support the war and in 1945 the IRS started

	TELLING people they HAD to file and pay taxes on labor. A LIE!
Tax Lawyers and CPA's couldn't have missed such a big hole in the law	Tax Lawyers and CPA's work for businesses, not Joe Sixpack, and, frankly, they are as afraid of the IRS as anyone else. Sometimes something is so obvious no one can see it. Some HAVE known about it for years, but the IRS has been getting gag orders prohibiting them from telling anyone.
It is embarrassing to think we've been fooled by the government	We haven't just been fooled, we've been threatened, intimidated and frightened. We haven't been duped, we've been robbed. As individuals we are justified in not fighting back, but as a group, a LARGE group, they can't hurt us. It's time to stand up to them, all of us together, and make them obey the law. It's payback time.
It's awful risky taking on the IRS	If one of us does, he is doomed, but if all of us do the IRS is doomed. There are already thousands of people standing up at the same time RIGHT NOW! They can't round up the whole population. The government has already received hundreds of thousands of letters demanding the return to the rule of law, because we are Americans and no person or agency, no matter how powerful, can tell us what to do and we are not going to pay them "protection money" when THERE IS NO LAW saying we must and the Constitution says they cannot tax our property, our labor.
Someone has to pay for government	Give them the test (below), then show them the budget breakout (below) showing that 56% of the federal budget is for UNAUTHORIZED expenditures. Money they have no right to spend that way, and, therefore, no need to take from us in the first place.

☞☞ If you have an attorney T-Trooper present, ask him to verify that there is no law and that a man's labor is his property and the Constitution does not allow the federal

government to tax our property or our fundamental rights and liberties.

👉👉 By a show of hands, ask how many are tired of being victims, tired of being afraid of their own government and ready to do something about it. If it is not unanimous, then ask those who are not convinced if they would be willing to conduct a test to prove what you are saying is true?

👉👉 For those who are convinced, pass out enlistment questionnaires for them to fill out and give them a set of letters to fill in their names and return addresses and sign. For husband and wife attendees, give EACH of them a set.

👉👉 For those who are not convinced, pass out a set of letters for them to fill in their names and return addresses and sign in order to prove to them that the government cannot show them any law requiring them to pay income taxes on their personal earnings.

😊👉👉 Gather up all the enlistments and letters, which you mail yourself to make sure they don't end up on the back of someone's kitchen countertop, and hand out KKs (on disks) to the new recruits, pointing out that when they get home they need to start with the letters from the rest of the "family" and the emails as shown on the KK.

😊👉👉 Thank all of them, recruits and doubters, alike, for their time and **SHUT IT DOWN.**

THINGS YOU DO NOT WANT TO DO AT A FREE SEMINAR:

DO NOT stray from the message: THERE IS NO LAW! and MY WAGES ARE NOT INCOME (FOR NOTHING). **DON'T DO IT!!**

DO NOT engage in a debate with anyone. Simply say all you can do is tell them the truth, but you respect their right to refuse to believe and their right to refuse to care and **DROP IT —MOVE ON!**

(NOTE: There will be poo-pooers, courtesy of you know who. You will know them because they will continue to interrupt and harass you. When you get one of them, "I know your bosses have sent you to disrupt this meeting, and now that you have, either shut up or leave.")

DO NOT rest on your laurels. We are a long way from finished. Start planning your next

FREE Seminar right then and there, asking your new recruits to bring their friends, family and co-workers.

Demonstrations

Check the website in "Hot Spots" for locations of IRS proceedings ("beatings in progress"). If there are, then get with your area Legal T-Trooper on do's and don'ts for a demonstration and whether any permit is required in your community. Assemble the other T-Troopers in your area for a planning session and make plans to stage a demonstration at the courthouse on the next day the IRS proceeding is being held, either for arguments, hearings or trial. **Don't forget to report the demonstration to TruthAttack.org so we can include it on the Schedule of Events. You will be surprised at how far many Patriots and T-Troopers will travel to help!**

Plan, also, to pack the courtroom. You can get away with showing some disapproval, but you cannot openly demonstrate in the courtroom. You want the court and, if present, the jury, to know whose side you're on, but you don't want to press the envelop too far. Each judge has a different level of tolerance, so watch the judge's temperament and don't give them the satisfaction of holding you in contempt or ejecting you from the courtroom.

If there are no IRS beatings in progress in your area, target your local IRS offices.

In either forum, a few people, even one or two, can create a large presence, but the more people involved the better, so ask friends and neighbors, whether in or out of the movement, to come along for the ride. Including them in the fun and games will make them feel they are insiders of the group and enlistment will almost automatically follow.

Be sure and let the local paper and TV and radio stations know about the demonstration in advance so they can arrange for coverage.

Plan and conduct the demonstration on a NAZI I-Are-"SS" and GESTAPO or a Slavery theme (because taking your labor or any part of it IS slavery). Be creative. Address and VERBALLY (ONLY) confront any IRS employees coming or going, demanding that they "Show Me The Law" and that they "Free the Slaves" or "Show me your goose step, Gestapo Boy!" Every other sign should be "NO LAW, NO TAXES". IRS employees are fair game for insults, humiliation and embarrassment (demoralizing), but stop there. No profanity. No threats. No arguing or debating, just insults and demands. You aren't there to discuss anything, you are there to demand the rule of law. Don't touch anyone and don't go on private property. Your Legal T-Trooper's advice should be followed to the letter.

Again, STAY ON MESSAGE.

Be LOUD, BE OBVIOUS, BE CONSPICUOUS. You have Truth and Justice and thousands of T-Troopers and Patriots on your side.

Use the demonstration to pass out simple flyers (if legally permitted) and, if there is a FS planned, include that on the flyer. The demonstration isn't supposed to prove anything, it

is supposed to generate discussion and make people aware there is an issue. Once they know there is an issue, then they will automatically formulate an opinion on it. Public opinion, not law, is what this is all about.

Keep TruthAttack.org Informed

Success stories to include in Updates and Press Releases, scheduling of demonstrations and FREE Seminars to include in the Schedule, new IRS proceedings to include on Hot Spots and suggestions are all important.

Problems you are having are just as important as successes, since we may be able to help with some problems.

You are TA's eyes and ears and we need to be able to see and hear what is going on, what is working and what is working better. Then we can distribute that information through updates and upgrades to the site to allow everyone to have the benefit of that knowledge.

Finally, Support the Truth Attack with Your Contribution

No matter how large or small, with everyone chipping in TA can provide a lot of support for you and make your efforts count for even more. We have \$0 to start with, not even money to pay for the website construction and hosting, which our webhost has extended at both discount and on credit.

We would like to be able to produce videos, PowerPoint slide show presentations and printed and digital materials for you to use in your seminars and with your personal contacts. With funding we can do that and provide them at cost of replacement to every T-Trooper. The same goes for printed signs and push cards for demonstrations.

With enough funding we can underwrite the cost of advertising for FREE Seminars and conduct other, bigger events like rallies and bringing in key speakers and celebrities. We even hope, ultimately, to help pay to launch a legal assault on the application of the income tax, giving our campaign a second important front against the big lie.

We ask no one to do themselves financial injury, but please contribute what you can and contribute regularly. A campaign of this magnitude and importance does not run on sweat alone. Contributions can be made on line through the website.

SAMPLE DEMAND LETTER

Re: Unauthorized Taxing of Labor

[Don't "Gang" write these. Separate letter for each official or representative]

Dear Mr. President/Mr. Secretary/Mr. Commissioner or

Dear Senator or Congressman (Name) or

Dear IRS [your local office]:

I have learned that there is no law making the average working American, myself included, liable for the income tax and that the IRS has lied in order to steal trillions of hard-earned dollars without legal justification. I find that very disturbing.

The IRS and the Treasury Department have for years refused to respond to any inquiry regarding what law makes the average working American, myself included, liable for the tax. The reason they have refused is that there is no law.

I have also learned that the IRS contends my labor, my skill and my personal effort, and even my worklife span, which are my property and are depleted every day, are not only worthless, but that I have given absolutely nothing in exchange for my earnings. I deeply resent and am profoundly offended by that claim.

I have also learned that the tax, applied to 100% of my earnings, is taxing my human capital, what I have given up and invested in order to receive and EARN (NOT been given for nothing) my earnings. As applied, the IRS is taxing my property, my capital, which the Constitution prohibits without apportionment among the states.

My right to earn a living for myself and my family by engaging in any lawful occupation is my God-given, natural, fundamental right, and is exempt from taxation.

I therefore demand that this unlawful and unconstitutional practice of conning and extorting money from hardworking Americans cease immediately. I await and expect your prompt and favorable reply.

Respectfully,

[your signature followed by your name and address]

SAMPLE FOLLOWUP LETTER

Re: Unauthorized Taxing of Labor
SECOND request [or third, fourth, etc.]

Dear Mr. President/Mr. Secretary/Mr. Commissioner or
Dear Senator or Congressman (Name) or
Dear IRS [your local office]:

I recently wrote you urgently seeking a response to my recent discovery that there is no law making the average working American, myself included, liable for the income tax and that neither the law as written nor the Constitution as intended permit such a tax to be levied or collected on our labor, which is not only our property, but is the exercise of a fundamental and Constitutionally guaranteed freedom and right.

I also indicated how extremely offended I am by the IRS's position that my work and my work life span are worthless, and that I have contributed nothing through my employment to my employer in exchange for my earnings.

Your failure to respond to my letter serves only to confirm the facts that have come to my attention and to add still another personal insult to that conveyed by the IRS's calling me worthless and an economic parasite.

Please favor my letter with a reply, if not for your duty as a public servant, then as a common courtesy.

Respectfully,

[your signature followed by your name and address]

Re: Unauthorized Taxing of Labor
Your Inadequate Response

Dear Mr. President/Mr. Secretary/Mr. Commissioner or
Dear Senator or Congressman (Name) or
Dear IRS [your local office]:

Thank you for your response to my recent letter. It is, however, a completely inadequate response.

Not only do you fail to provide any law that entitles the IRS to assess liability for any income tax upon the average working American, myself included, your letter fails to afford a remedy to either the unconstitutional taxation of my property, my human capital and my life itself, without benefit of apportionment to the states, and the unconstitutional taxation of my exercising my Constitutionally protected right to earn a living by any lawful occupation.

I therefore must and do hereby demand that the continued taxing of personal earnings, neither authorized by any law nor permitted by the Constitution, cease immediately.

I await and expect your immediate action to remedy this totally unacceptable breach of the law by the IRS and of the Constitution by the federal government.

Respectfully,

[your signature followed by your name and address]
